Comment:

I understand the need for power, but I do not think it is necessary to put a line that goes over peoples homes and ruins the value of their property. Looking at the map, it will go over the top of several homes. I spend three or four times a year in section 4 and there are homes in that section. I hope when you see how many people live in that section all year that you will be able to make a route to protect them. thank you
